

PITZONKA'S CUT-FLOWER MIXTURE • Developed from the Famous Swiss Giant Pansies

PITZONKA'S

Pansies

FALL 1957 - SPRING 1958

Enormous Flowers, Rare Colors, in Pitzonka's Cut-Flower Mixture

SOLD EXCLUSIVELY BY PITZONKA

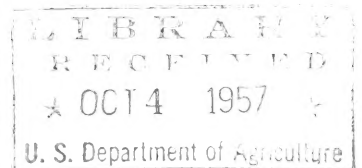

Our Cut-Flower Mixture is the pride of millions of Pansy growers. It originated in Switzerland. When it was introduced into America, Mr. Pitzonka named it "Cut-Flower Mixture" because of the large flowers with long stems that lend themselves so well to cutting for home floral decoration.

We are very enthusiastic about the huge blooms. Many of them, with rich velvety color tones, reach a diameter of 3 to 4 inches. The colors in this mixture are deep and vivid, ranging from primrose-yellow through a mellow maroon, including burgundy, ultramarine-blue, pale pink and carmine-rose. Each flower characteristically exhibits a large center blotch. The foliage is vigorous in growth, of a deep forest-green color.

Every garden deserves the best. Pitzonka's Cut-Flower Mixture is the first choice of discriminating gardeners.

Regular size plants, \$4.50 per 100, \$35.00 per 1000. Large size plants, \$3.50 for 50, \$6.00 per 100, \$47.00 per 1000. 250 plants or more of one size at the 1000 rate.

Pansies at Their Best

Pitzonka's PERENNIALS

Group plantings of perennials will greatly dress up your garden of bulbs and shrubs. Perennials will make a picture of living color, set off by foliage of interesting textures and tones. This picture will be prolonged if a good selection is chosen to produce a succession of bloom from early spring until the icy fingers of Jack Frost are felt in the fall.

We request that while leafing through the following perennial section of this catalog, you read the full description of each plant, keeping in mind such points as color of flower, blooming date and ultimate height. After noting these important features, you can plan your own garden of color. Remember that Pitzonka can offer you the right selection for any of your needs.

All perennials are sold 1 or 2 plants of one variety at the each rate, 3 to 5 of one variety at the 3 rate, 6 to 24 of one variety at the 10 rate, 25 or more of one variety at the 100 rate.

VINCA minor (Periwinkle). A trailing evergreen plant, used extensively for carpeting the ground under shrubs or trees or on graves where it is too shady for grass or other plants. Single, light blue flowers in early spring. 2-yr. plants, 35c each, \$1.00 for 3, \$2.50 for 10, \$20.00 per 100.

HERBS

Most good cooks utilize the delightful flavors available through these highly scented plants. Not all herbs, however, are for kitchen use. Some are thought to be excellent for medications, while others like lavender are used just for their pleasant fragrance. Why don't you plan an herb garden and enjoy their colors and foliage contrasts along with their marvelous scents? Please check on the Order Blank if you want us to send you our complete herb list with prices.

Violas-

These little sprites are the parents of the modern Pansy, similar to the Heartsease used in Elizabethan days to make nosegays.

Woodruff, S. C., Sept. 29, 1956

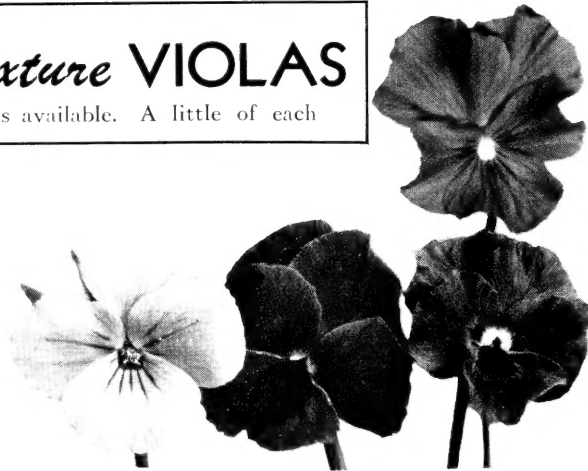

"I have bought both Pansy and Gypsophila plants from you in the past and you certainly send out lovely plants. I've had wonderful success with both."

PITZONKA'S *Bedding Mixture* VIOLAS

Viola Bedding Mixture is the finest combination of Violas available. A little of each

of the named varieties are blended together by a guarded formula to produce your preference in color. Plant Mixed Violas in rockeries, perennial borders and shady nooks to enjoy color throughout the year.

THE MINIATURE PANSIES

There is no way to describe the fun and beauty that can be derived from Violas. Also known as Miniature Pansies, they are the parents of present-day Pansies. The Miniatures were first grown back in the early days of civilization.

Violas are especially appreciated because of their persistent flowering habit and their limitless number of uses. Once planted, Violas will yield a full crop of blooms all spring and almost all through the hot summer.

Many a "tired" rock garden has enjoyed a "face lifting" from a planting of favorite varieties of Violas with their merry, pert faces. Clumps of Miniature Pansies give a feeling of informality and carefreeness.

Recently home gardeners have turned to Violas for

ADMIRATION. Beautiful deep violet.

BLUE PERFECTION. A well-formed flower of medium blue with a yellow eye. Very free blooming.

JOHNNY-JUMP-UP. A small-flowering type. Various combinations of purple, blue and yellow. Colorful all summer.

LUTEA SPLENDENS. Rich golden yellow. Excellent with blue varieties.

WHITE PERFECTION. Clear frosty white. One of the most desirable.

Any of the above:

STUDY THESE PICTURES

These pictures, though much reduced in size, show the difference between our Large and Regular size Pansy plants. The Large ones are older and will bloom more quickly, but the Regular size are produced under the same conditions and will give fine flowers when fully grown.

SIMPLE SUGGESTIONS FOR GROWING PANSIES

1. Choose a well-drained, sunny location (part shade is no obstacle).
2. Any good garden soil will do. Soil must be rich and can be made so by mixing plenty of well-rotted cow manure, sheep manure or rotted compost and an application of commercial fertilizer with an analysis of 5-10-5 through the soil. If possible, allow the bed to stand a few days to several weeks before planting.
3. When the plants are received, pulverize the soil to a depth of 6 inches. Set the plants about 6 inches apart, as deep as they were in the nursery. Water well; shade in midday until well rooted.
4. After the ground is frozen hard, mulch lightly with hay or straw.
5. A requirement is to have the soil rich. Give another application of commercial fertilizer, according to directions, when growing weather starts in the spring.

ALPENGLOW. Rich, velvety Indian red with a large dark blotch on the lower petals.

BLUE BOY. A lovely silvery lilac flower set off by a deep yellow eye.

CORONATION GOLD. Round flowers of canary-yellow, the lower petal flushed golden orange. This is a solid color with no markings. Mild spicy scent.

FIREBEACON. Coppery red blooms of flaming brilliance. Dark central blotch and a richness of color you've never seen before.

GIANT LAVENDER. Dark-eyed lavender flowers of fine texture borne well above the foliage on strong stems.

GIANT WHITE. Creamy white—very large and beautiful.

GOLDEN YELLOW. Gorgeous dark yellow with large, dark brown blotch. So lovely it attracts instant attention.

LAKE OF THUN. Sometimes called Ullswater. Gorgeous, large flowers of deep ultramarine-blue with a darker blotch on each petal. Heavy petals of splendid substance.

VIOLET JEWEL. Large, rich purple flowers. Plants have very heavy foliage.

Large size plants, \$2.25 for 25, \$5.25 per 100, \$48.00 per 1000.

COPPER LUSTRE. Exclusive color in Pansies. Rich burgundy blooms with a magnificent dark center. The flower is partially ruffled and possesses a grand spicy fragrance. Copper Lustre is sold exclusively by Pitzonka's Pansy Farm and Nursery.

GIANT YELLOW. The finest pure yellow Pansy we have ever offered. Immense, pure primrose-yellow without any markings. Free flowering; spicy perfume.

LAKE OF ZURICH. A new color in Pansies—deep sky-blue. A bed in full bloom is a sight not soon forgotten. Flowers about an inch in diameter are carried on long slender stems. A very compact plant.

PINK SHADES. Flowers of heavy texture in unusual shades of palest pink to bright carmine-rose. Large dark blotch in the center of each flower.

ELIZABETH ANN. Here is a creation as refreshing and delicate as the name suggests. A richly colored apricot Pansy of highest quality. Visitors who see it are most enthusiastic about it. A splendid addition to anyone's garden. Regular size plants, \$1.75 for 25, \$4.50 per 100. Large size plants, \$2.25 for 25, \$6.00 per 100.

BUTTERFLY HYBRIDS

Once considered a novelty, Butterfly Hybrids are rapidly becoming a perennial favorite. You'll find this the grandest mixture of pastel Pansies that is possible. Each ruffly bloom looks as if Mother Nature had artistically hand painted it to create a wonderful galaxy of delicate metallic jeweled tones. Lovely colors ranging from pink, apricot and coral through to orchid and lavender, just to mention a few. Southern gardeners have found that Butterfly Hybrids are adaptable to warmer

weather. They flower more prolifically over a longer time.

Be the first in your area to get Butterfly Hybrids, with their prizeworthy display of the world's finest pastel colors.

COLOR CARNIVAL

Here is our newest addition from California—one of the few American hybrid Pansy mixtures. Exceptionally large blooms borne on healthy stems that clearly show the hybrid vigor. This variety, with its full array of colors and shades, is well named Color Carnival. It is a mixture with many of those choice red and wine tones that are so hard to find. Large center blotches framed with gorgeous tones set Color Carnival into a class shared by only a very few mixtures. The plants seem more heat resistant than similar Swiss Giant mixtures.

This season, treat yourself to this new creation. Supply is limited. Don't delay—order today!

The Pansy—THE FLOWER WITH A MILLION USES

Pansies aren't new to us. As far back as 145 years ago our ancestors were growing and enjoying them. The earliest varieties were smaller and less colorful, but through selecting and saving choice seeds our new varieties came into existence.

In 1891, we began growing Pansies for market. With the passing of the years and by selling only top-quality Pansies, we became more prominent in the Pansy industry. Walter Pitzonka, Sr., with his keen eye for good varieties and his ability to grow fine plants, has been able to offer gardeners the Pansies they are looking for to enrich their gardens.

In 1939-40, we were honored to grow thousands of Pansy seedlings for the New York World's Fair, where they so aptly decorated the Trylon and Perisphere (the main symbols of the Fair).

Since then, we have sold millions of Pansy plants to the thousands of home gardeners throughout the country who desire top quality. Gardening experts all agree that Pansies and Violas planted in the autumn or winter (depending upon location) will give the best early spring color along with

blooms of large proportion. The more blooms removed, the more flowers will be produced to keep your garden beautiful for months. Pansies blend well with azaleas, English daisies, narcissi, tulips, Virginia bluebells and many other plants. Don't forget that Pansies and Violas will add a spark of spring beauty to rock gardens and perennial borders.

Flower arrangements take on a special colorful air if either Pansy or Viola blooms are included. Most varieties of Pitzonka's Pansies are scented with a heavenly light spicy fragrance.

Plan to make your 1957-58 garden the best you've ever had. Select Pitzonka's Pansies and Perennials.

Brockton, Mass., June 26, 1957

"I don't know when I've enjoyed gardening any more than admiring the Pansies from you. The blooms are immense (3 to 4 inches across) and of gorgeous colors. I have received many compliments and praises for the bed of Pansies I have on my side yard, from passersby, and most of them can't seem to believe their eyes. The bed is truly a wonderful sight."

ENJOY THE THRILL OF GROWING PANSIES FROM SEED

For our friends who enjoy starting plants from seed, here is your opportunity to do so. Mr. Pitzonka has listed seed of the choicest Pansy, Viola, English Daisy and Forget-Me-Not varieties ever offered for your enjoyment. These are the same varieties as listed throughout the catalog, with the typical high Pitzonka quality.

Our seed beds of Pansies are planted in rich fertile fields; then with proper selection and roguing, the only seed harvested is from the strongest, best-colored plants. During May and June, our experienced crews pick the ripe seed and place it on large drying or curing boards in the sun. As soon as the seed has been properly matured and cleaned, it is weighed and carefully stored in seed closets. Before selling this seed, we know it to be of the highest quality possible.

Right now, plan your next year's garden and select the varieties and colors suitable for your purpose. With each order, we send you a handy pamphlet on growing Pansies from seed. By following these easy cultural directions, you should be the real gardener of your neighborhood.

The single packet of seed yields enough plants for small needs, but for greater economy order the double packet.

Order Pitzonka's Quality Seed—It's Quality Controlled!

Somerset, Va., Aug. 26, 1956

"I'm giving your plants as gifts to friends. I want to mention that I never had nicer Pansies and still have some in bloom. The things from your nursery are most satisfactory."

Fargo, N. D., July 26, 1957

"Have grown your plants and have been pleased with the results."

Superior, Wis., July 8, 1957

"Everyone wants to know where did we get them. They are the most gorgeous things I've ever seen."

Wellsville, N. Y., June 25, 1957

"Your Pansies have been simply wonderful and a real source of joy to us. We had many blooms 3 inches in diameter."

Directions to Customers

ORDERING

We aim to execute orders as soon as received, but in the rush season slight delays are unavoidable, and when such is the case an acknowledgment will be sent at once. If you order early and give a shipping date, we will be pleased to ship so that the orders reach their destination on or about the date specified, weather permitting. When no shipping instructions are given, orders are filled in the rotation in which they are received.

TERMS

Those desiring to open accounts will please furnish references from three parties with whom they have had credit relations and allow sufficient time for us to investigate; otherwise cash must accompany order.

Remittances should be made by Post Office Money Orders, Drafts on New York or Philadelphia banks, or Express Money Orders, in amount sufficient to cover the complete order. Where it is impossible to obtain these, the letter should be registered. We cannot guarantee receipt of money sent in any other way. We reserve the right to decline C.O.D. orders.

In filling out your order, always give shipping directions, and write *Name and Address* distinctly on each and every order. Use back of this order blank.

SHIPPING

Plants should be set out at once when they are received, unless they are slightly withered. In that case, remove them from the box to a cool place. Wet the moss that was used for packing and lay it on the roots until they are revived. Never set out a withered plant.

GUARANTEE

We guarantee to dig, pack and ship good, clean, thrifty, well-grown plants in good growing condition. Failure may result from improper planting, lack of moisture, frosts, floods, over-fertilization, etc., and we cannot guarantee continued growth after stock is planted on customer's premises because this is entirely beyond our control. Claims, if any, for shortages or damages must be made within five (5) days after arrival.

HOW WE SHIP

All orders are forwarded by Express or Parcel Post, purchaser paying charges. For those of our customers who wish their orders sent by Parcel Post, prepaid, additional charges must be added for special packing and postage. Rates as per states are listed hereon.

PITZONKA'S

Super Giant Mixture

A Blend Combining Gigantic Blooms with Superb Colors!

Super Giant Pansies by Pitzonka is a fine mixture. In it you'll find some of the largest flowers imaginable, in a fantasy of color blendings. In fact, the color range is almost never-ceasing. Some blooms are pencil striped, others are marked with a merry face, and still others are solid colored.

The plants themselves are vigorous growing and of a deep forest-green color. Commercial growers sell Super Giant Mixture by Pitzonka to their local cus-

tomers. If commercial growers prefer this large, many-colored mixture, so will you.

Mr. Pitzonka wants you to try this good mixture in some part of your garden this year. He would like you to receive the thrill of seeing color and size combined into a magnificent mass of Pansies. Pick them and then admire the artistic floral arrangements. Whether you pick them or allow all the color to remain in the garden, you'll be glad you chose Pitzonka's Super Giant Mixture.

Growing Pointers

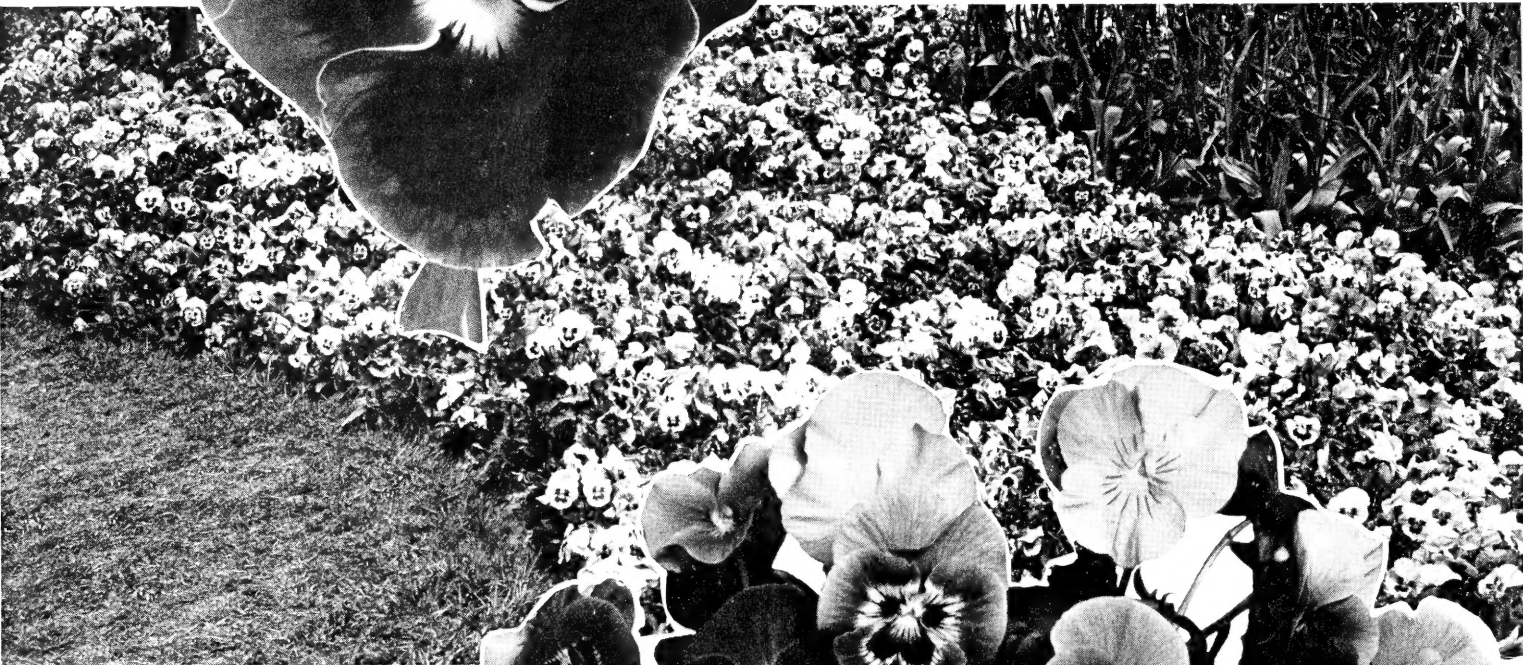

1. Have a loamy, organic soil for planting.
2. Have your Pansy bed elevated at least 3 inches.
3. Unpack the Pansies immediately upon receipt of shipment.
4. Water plants after planting; then water only when soil is dry.
5. Pinch the fading flowers to stimulate flower growth.
6. In warm weather, be on the lookout for insects and disease.

**NEW PRIZE
MIXTURE**
Pansy Plants

Do you realize the ideal bedding Pansy mixture for many parts of the country is Pitzonka's Prize Mixture? This year, Pitzonka's Prize Mixture has been improved with more of the red shades and larger flowers.

The formula for this new mixture was carefully developed by Mr. Pitzonka and is guarded with rigid security to insure against duplication. He has personally supervised the growing of the seed that is used in this color spectacular.

How expensive is Pitzonka's New Prize Mixture? Most bedding Pansy mixtures are cheap but usually less desirable in color and size. Now here is where you take notice—Pitzonka's New Prize Mixture is rich in color, luxuriant in size, but low in price. This low price is important to those who want an economical ground-covering bedding Pansy. Plants average less than 3c apiece, less than the price of a daily newspaper.

Get your New Prize Mixture today and have your Pansy plants well established by next spring. Work them into beds containing tulips and jonquils. Another suggestion is to plant them with Virginia bluebells (*Mertensia virginica*). Have fun! Use Pitzonka's New Prize Pansy Mixture as YOUR economical bedding carpet.

Regular size plants, \$3.00 per 100, \$20.00 per 1000, 5000 or more at \$18.00 per 1000.

Large size plants, \$2.50 for 50, \$4.00 per 100, \$28.00 per 1000.

When passing through Bristol, be sure to stop by and see the plants in bloom in our Garden Mart. A full selection of Perennials and Pansies is carried during the spring and fall seasons, along with a complete group of garden supplies. Our Garden Mart also has a wide selection of trees, shrubs and evergreens (cash and carry sales only), suitable for all types of homes. See you at the Garden Mart.
